## Polyvinylpyrrolidone K 12 CELLPURE®

article number: **7598**  
Version: **GHS 2.0 en**  
Replaces version of: 2018-02-07  
Version: (GHS 1)

date of compilation: 2018-02-07  
Revision: 2018-04-24

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1 Product identifier

|                                 |                                    |
|---------------------------------|------------------------------------|
| Identification of the substance | <b>Polyvinylpyrrolidone</b>        |
| Article number                  | 7598                               |
| Registration number (REACH)     | This information is not available. |
| EC number                       | none                               |
| CAS number                      | 9003-39-8                          |

### 1.2 Relevant identified uses of the substance or mixture and uses advised against

|                         |                                                      |
|-------------------------|------------------------------------------------------|
| <b>Identified uses:</b> | laboratory chemical<br>laboratory and analytical use |
|-------------------------|------------------------------------------------------|

### 1.3 Details of the supplier of the safety data sheet

Carl Roth GmbH + Co KG  
Schoemperlenstr. 3-5  
D-76185 Karlsruhe  
Germany

**Telephone:** +49 (0) 721 - 56 06 0  
**Telefax:** +49 (0) 721 - 56 06 149  
**e-mail:** [sicherheit@carlroth.de](mailto:sicherheit@carlroth.de)  
**Website:** [www.carlroth.de](http://www.carlroth.de)

Competent person responsible for the safety data sheet : Department Health, Safety and Environment

**e-mail (competent person)** : [sicherheit@carlroth.de](mailto:sicherheit@carlroth.de)

### 1.4 Emergency telephone number

Emergency information service **Poison Centre Munich: +49/(0)89 19240**

## SECTION 2: Hazards identification

### 2.1 Classification of the substance or mixture

#### Classification acc. to GHS

| Classification acc. to GHS |                       |                           |                  |
|----------------------------|-----------------------|---------------------------|------------------|
| Section                    | Hazard class          | Hazard class and category | Hazard statement |
| 3.10                       | acute toxicity (oral) | (Acute Tox. 5)            | H303             |

### 2.2 Label elements

#### Labelling GHS

**Signal word**                      **Warning**

# Safety data sheet

Safe Work Australia - Code of Practice

## Polyvinylpyrrolidone K 12 CELLPURE®

article number: 7598

### Hazard statements

H303 May be harmful if swallowed

### Precautionary statements

#### Precautionary statements - response

P312 Call a POISON CENTER or doctor/physician if you feel unwell.

#### Labelling of packages where the contents do not exceed 125 ml

Signal word: **Warning**

H303 May be harmful if swallowed.

P312 Call a POISON CENTER or doctor/physician if you feel unwell.

### 2.3 Other hazards

There is no additional information.

## SECTION 3: Composition/information on ingredients

### 3.1 Substances

|                   |                                                 |
|-------------------|-------------------------------------------------|
| Name of substance | Polyvinylpyrrolidone                            |
| CAS number        | 9003-39-8                                       |
| Molecular formula | (C <sub>6</sub> H <sub>9</sub> NO) <sub>n</sub> |
| Molar mass        | 2,000 – 3,000 g/mol                             |

## SECTION 4: First aid measures

### 4.1 Description of first aid measures

#### General notes

Take off contaminated clothing.

#### Following inhalation

Provide fresh air. In all cases of doubt, or when symptoms persist, seek medical advice.

#### Following skin contact

Rinse skin with water/shower. In all cases of doubt, or when symptoms persist, seek medical advice.

#### Following eye contact

Rinse cautiously with water for several minutes. In all cases of doubt, or when symptoms persist, seek medical advice.

#### Following ingestion

Rinse mouth. Call a doctor if you feel unwell.

### 4.2 Most important symptoms and effects, both acute and delayed

Symptoms and effects are not known to date

### 4.3 Indication of any immediate medical attention and special treatment needed

none

## Polyvinylpyrrolidone K 12 CELLPURE®

article number: 7598

### SECTION 5: Firefighting measures

#### 5.1 Extinguishing media

##### Suitable extinguishing media

Co-ordinate fire-fighting measures to the fire surroundings  
water spray, foam, dry extinguishing powder, carbon dioxide (CO<sub>2</sub>)

##### Unsuitable extinguishing media

water jet

#### 5.2 Special hazards arising from the substance or mixture

Combustible.

##### Hazardous combustion products

In case of fire may be liberated: nitrogen oxides (NO<sub>x</sub>), carbon monoxide (CO), carbon dioxide (CO<sub>2</sub>)

#### 5.3 Advice for firefighters

Fight fire with normal precautions from a reasonable distance. Wear self-contained breathing apparatus.

### SECTION 6: Accidental release measures

#### 6.1 Personal precautions, protective equipment and emergency procedures

##### For non-emergency personnel

Wearing of suitable protective equipment (including personal protective equipment referred to under Section 8 of the safety data sheet) to prevent any contamination of skin, eyes and personal clothing. Do not breathe dust. Do not breathe dust. Avoid contact with skin, eyes and clothes.

#### 6.2 Environmental precautions

Keep away from drains, surface and ground water.

#### 6.3 Methods and material for containment and cleaning up

##### Advices on how to contain a spill

Covering of drains.

##### Advices on how to clean up a spill

Take up mechanically. Control of dust.

##### Other information relating to spills and releases

Place in appropriate containers for disposal. Ventilate affected area.

#### 6.4 Reference to other sections

Hazardous combustion products: see section 5. Personal protective equipment: see section 8. Incompatible materials: see section 10. Disposal considerations: see section 13.

## Polyvinylpyrrolidone K 12 CELLPURE®

article number: 7598

### SECTION 7: Handling and storage

#### 7.1 Precautions for safe handling

Avoid dust formation.

- **Measures to prevent fire as well as aerosol and dust generation**

Removal of dust deposits.

#### **Advice on general occupational hygiene**

Wash hands before breaks and after work.

#### 7.2 Conditions for safe storage, including any incompatibilities

Keep container tightly closed. Store in a dry place.

#### **Incompatible substances or mixtures**

Observe hints for combined storage.

#### **Consideration of other advice**

- **Ventilation requirements**

Use local and general ventilation.

- **Specific designs for storage rooms or vessels**

Recommended storage temperature: 15 – 25 °C.

#### 7.3 Specific end use(s)

No information available.

### SECTION 8: Exposure controls/personal protection

#### 8.1 Control parameters

##### **National limit values**

##### **Occupational exposure limit values (Workplace Exposure Limits)**

Data are not available.

#### 8.2 Exposure controls

##### **Individual protection measures (personal protective equipment)**

##### **Eye/face protection**

Use safety goggle with side protection.

##### **Skin protection**

- **hand protection**

Wear suitable gloves. Chemical protection gloves are suitable, which are tested according to EN 374. For special purposes, it is recommended to check the resistance to chemicals of the protective gloves mentioned above together with the supplier of these gloves.

- **type of material**

## Polyvinylpyrrolidone K 12 CELLPURE®

article number: 7598

NBR (Nitrile rubber)

- **material thickness**

>0,11 mm

- **breakthrough times of the glove material**

>480 minutes (permeation: level 6)

- **other protection measures**

Take recovery periods for skin regeneration. Preventive skin protection (barrier creams/ointments) is recommended.

### Respiratory protection

Respiratory protection necessary at: Dust formation. Particulate filter device (EN 143).

### Environmental exposure controls

Keep away from drains, surface and ground water.

## SECTION 9: Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

#### Appearance

|                 |                     |
|-----------------|---------------------|
| Physical state  | solid (powder)      |
| Colour          | white - light beige |
| Odour           | faintly perceptible |
| Odour threshold | No data available   |

#### Other physical and chemical parameters

|                                         |                                     |
|-----------------------------------------|-------------------------------------|
| pH (value)                              | 3 – 5 (50 g/l, 20 °C)               |
| Melting point/freezing point            | 130 °C                              |
| Initial boiling point and boiling range | This information is not available.  |
| Flash point                             | not applicable                      |
| Evaporation rate                        | no data available                   |
| Flammability (solid, gas)               | These information are not available |
| <u>Explosive limits</u>                 |                                     |
| • lower explosion limit (LEL)           | (25 g/m <sup>3</sup> )              |
| • upper explosion limit (UEL)           | this information is not available   |
| Explosion limits of dust clouds         | these information are not available |
| • lower explosion limit (LEL)           | 25 g/m <sup>3</sup>                 |
| Vapour pressure                         | This information is not available.  |
| Density                                 | 1.2 g/cm <sup>3</sup> at 20 °C      |
| Vapour density                          | This information is not available.  |

## Polyvinylpyrrolidone K 12 CELLPURE®

article number: **7598**

|                              |                                                |
|------------------------------|------------------------------------------------|
| Relative density             | Information on this property is not available. |
| <u>Solubility(ies)</u>       |                                                |
| Water solubility             | soluble                                        |
| <u>Partition coefficient</u> |                                                |
| n-octanol/water (log KOW)    | This information is not available.             |
| Auto-ignition temperature    | >400 °C                                        |
| Decomposition temperature    | >130 °C                                        |
| Viscosity                    | not relevant (solid matter)                    |
| Explosive properties         | Shall not be classified as explosive           |
| Oxidising properties         | none                                           |

### 9.2 Other information

There is no additional information.

## SECTION 10: Stability and reactivity

### 10.1 Reactivity

Dust explosibility.

### 10.2 Chemical stability

Hygroscopic solid.

### 10.3 Possibility of hazardous reactions

Violent reaction with: Strong alkali

### 10.4 Conditions to avoid

Protect from moisture. Keep away from heat. Decomposition takes place from temperatures above: >130 °C.

### 10.5 Incompatible materials

There is no additional information.

### 10.6 Hazardous decomposition products

Hazardous combustion products: see section 5.

## SECTION 11: Toxicological information

### 11.1 Information on toxicological effects

#### Acute toxicity

| Exposure route | Endpoint | Value        | Species | Source |
|----------------|----------|--------------|---------|--------|
| oral           | LD50     | >2,000 mg/kg | rat     | TOXNET |

#### Skin corrosion/irritation

Shall not be classified as corrosive/irritant to skin.

#### Serious eye damage/eye irritation

Shall not be classified as seriously damaging to the eye or eye irritant.

#### Respiratory or skin sensitisation

Shall not be classified as a respiratory or skin sensitiser.

## Polyvinylpyrrolidone K 12 CELLPURE®

article number: 7598

### Summary of evaluation of the CMR properties

Shall not be classified as germ cell mutagenic, carcinogenic nor as a reproductive toxicant

- **Specific target organ toxicity - single exposure**

Shall not be classified as a specific target organ toxicant (single exposure).

- **Specific target organ toxicity - repeated exposure**

Shall not be classified as a specific target organ toxicant (repeated exposure).

### Aspiration hazard

Shall not be classified as presenting an aspiration hazard.

### Symptoms related to the physical, chemical and toxicological characteristics

- **If swallowed**

data are not available

- **If in eyes**

data are not available

- **If inhaled**

Inhalation of dust may cause irritation of the respiratory system

- **If on skin**

data are not available

### Other information

None

## SECTION 12: Ecological information

### 12.1 Toxicity

acc. to 1272/2008/EC: Shall not be classified as hazardous to the aquatic environment.

#### Aquatic toxicity (acute)

| Endpoint | Value        | Species               | Exposure time |
|----------|--------------|-----------------------|---------------|
| LC50     | >10,000 mg/l | orfe (Leuciscus idus) | 96 h          |

### 12.2 Process of degradability

Theoretical Oxygen Demand with nitrification: Theoretical Oxygen Demand: Theoretical Carbon Dioxide:

### 12.3 Bioaccumulative potential

Data are not available.

### 12.4 Mobility in soil

Data are not available.

### 12.5 Results of PBT and vPvB assessment

Data are not available.

### 12.6 Other adverse effects

Data are not available.

## Polyvinylpyrrolidone K 12 CELLPURE®

article number: 7598

### SECTION 13: Disposal considerations

#### 13.1 Waste treatment methods

This material and its container must be disposed of as hazardous waste. Dispose of contents/container in accordance with local/regional/national/international regulations.

##### **Sewage disposal-relevant information**

Do not empty into drains.

##### **Sewage disposal-relevant information**

Do not empty into drains.

#### 13.2 Relevant provisions relating to waste

The allocation of waste identity numbers/waste descriptions must be carried out according to the EEC, specific to the industry and process.

#### 13.3 Remarks

Waste shall be separated into the categories that can be handled separately by the local or national waste management facilities. Please consider the relevant national or regional provisions.

### SECTION 14: Transport information

- |      |                                                                                       |                                                                              |
|------|---------------------------------------------------------------------------------------|------------------------------------------------------------------------------|
| 14.1 | UN number                                                                             | (not subject to transport regulations)                                       |
| 14.2 | UN proper shipping name                                                               | not relevant                                                                 |
| 14.3 | Transport hazard class(es)                                                            | not relevant                                                                 |
|      | Class                                                                                 | -                                                                            |
| 14.4 | Packing group                                                                         | not relevant                                                                 |
| 14.5 | Environmental hazards                                                                 | none (non-environmentally hazardous acc. to the dangerous goods regulations) |
| 14.6 | <b>Special precautions for user</b>                                                   |                                                                              |
|      | There is no additional information.                                                   |                                                                              |
| 14.7 | <b>Transport in bulk according to Annex II of MARPOL and the IBC Code</b>             |                                                                              |
|      | The cargo is not intended to be carried in bulk.                                      |                                                                              |
| 14.8 | <b>Information for each of the UN Model Regulations</b>                               |                                                                              |
|      | • <b>Transport of dangerous goods by road, rail and inland waterway (ADR/RID/ADN)</b> |                                                                              |
|      | Not subject to ADR, RID and ADN.                                                      |                                                                              |
|      | • <b>International Maritime Dangerous Goods Code (IMDG)</b>                           |                                                                              |
|      | Not subject to IMDG.                                                                  |                                                                              |
|      | • <b>International Civil Aviation Organization (ICAO-IATA/DGR)</b>                    |                                                                              |
|      | Not subject to ICAO-IATA.                                                             |                                                                              |

## Polyvinylpyrrolidone K 12 CELLPURE®
