Take off immediately all contaminated clothing. Self-protection of the first aider.

Following inhalation
Call a physician immediately. If breathing is irregular or stopped, administer artificial respiration.

Following skin contact
After contact with skin, wash immediately with plenty of water.

Following eye contact

**Unsuitable extinguishing media**
- water jet

### 5.2 Special hazards arising from the substance or mixture

- Combustible. Vapours are heavier than air, spread along floors and form explosive mixtures with air. Vapours can form explosive mixtures with air.

**Hazardous combustion products**
- In case of fire may be liberated: carbon monoxide (CO), carbon dioxide (CO2)

### 5.3 Advice for firefighters

- Fight fire with normal precautions from a reasonable distance. Wear self-contained breathing apparatus. Wear full chemical protective clothing.
