

# Your request, our solution!

Dear Customer,

We are offering you our **ROTI®Star multi-element standard solutions** as custom-made special products in all common container sizes.

Our multi-element standard solutions are certified and **traceable to NIST** standard reference materials and are delivered with a comprehensive, batch-specific certificate of analysis.

The production of the solutions takes place in an accredited environment according to **ISO 17034**. The solutions are tested in an **ISO/IEC 17025** accredited laboratory.

Simply fill out the following form for your custom-made solution and send it to us by email or fax. We will then contact you.

Is something missing or do you have any questions?

**We will advise you with pleasure:**
